Education

Tripura institute of Technology, Narsinghar

2023 – 2026

Bachelor of Technology in Computer Science and Engineering

Gomati District Polytechnic, Udaipur

2020 – 2023

Diploma Engineering

CGPA : 7.05

Projects

Netflix clone (Frontend)

-
- Created a static Netflix clone frontend using HTML and CSS.
- Designed a responsive layout, ensuring the interface adapts to various screen sizes and devices.
- Styled components to mimic Netflix's user interface, focusing on typography, color schemes, and overall aesthetics.
- Implemented features such as navigation menus, content grids, and hover effects to enhance user interaction.
- Ensured cross-browser compatibility and adherence to web standards for consistent performance across different browsers.
- Tools and Technologies: **HTML, CSS.**

TO-DO List

-
- Developed a functional to-do list application using HTML, CSS, and JavaScript.
- Implemented core features such as adding, editing, and deleting tasks, as well as marking tasks as complete.
- Utilized JavaScript to manage task states dynamically and store tasks in local storage for persistent data.
- Designed a clean and user-friendly interface with responsive design principles to ensure usability across different devices.
- Applied best practices in DOM manipulation, event handling, and code organization to create a maintainable codebase.
- Tools and Technologies: **HTML, CSS, Javascript**

Achievements

- **LeetCode:** Solved **24+** questions. **Profile:** [ShubhankarDas](#)

Technical Skills

Languages: Java, C

Technologies: HTML, Node.js

CS Fundamentals: Object Oriented Programming, Operating Systems.

Other Tools: Git, Github, VS Code.
